

71.64 EXCEPTIONS

(A) The provisions and prohibitions of 71.61 and 71.62 shall not apply to any form of vehicle or equipment as therein above noted in either section traveling upon or over any portion of the interstate highways, Johns Hill Road, or Alexandria Pike as they are located within the city.

(B) The provisions and prohibitions of 71.61 and 71.62 shall not apply to any form of vehicle or equipment as therein above noted in either section belonging to the city or owned or leased by the Volunteer Fire Department of the city or of any other city including fire engines or fire trucks or other emergency vehicles or equipment while such other city's vehicle or equipment is traversing or parked upon any prohibited streets within the city incident to assisting the city's fire or emergency services, or vehicles or equipment of public utility companies engaged in the transportation of poles, pipes or other necessary materials to or from the place of installation to or from the nearest practicable loading or unloading point.

(C) The provisions and prohibitions of 71.61 and 71.62 shall not apply to any person or corporation operating or causing to be operated a vehicle or equipment as therein above noted in either section when a permit to operate or park such form of vehicle or equipment has been permitted to so operate to this section
